■ Modern look with two models

The CIELO redefines versatility with two sophisticated styles: Gimbal and Zoomable, available in sleek white or black finishes. The Gimbal style delivers up to 1 100 lumens with a precise 38° beam angle, ensuring focused illumination. The Zoomable model offers up to 1 250 lumens with an adjustable 24°-55° beam angle, giving you complete control.

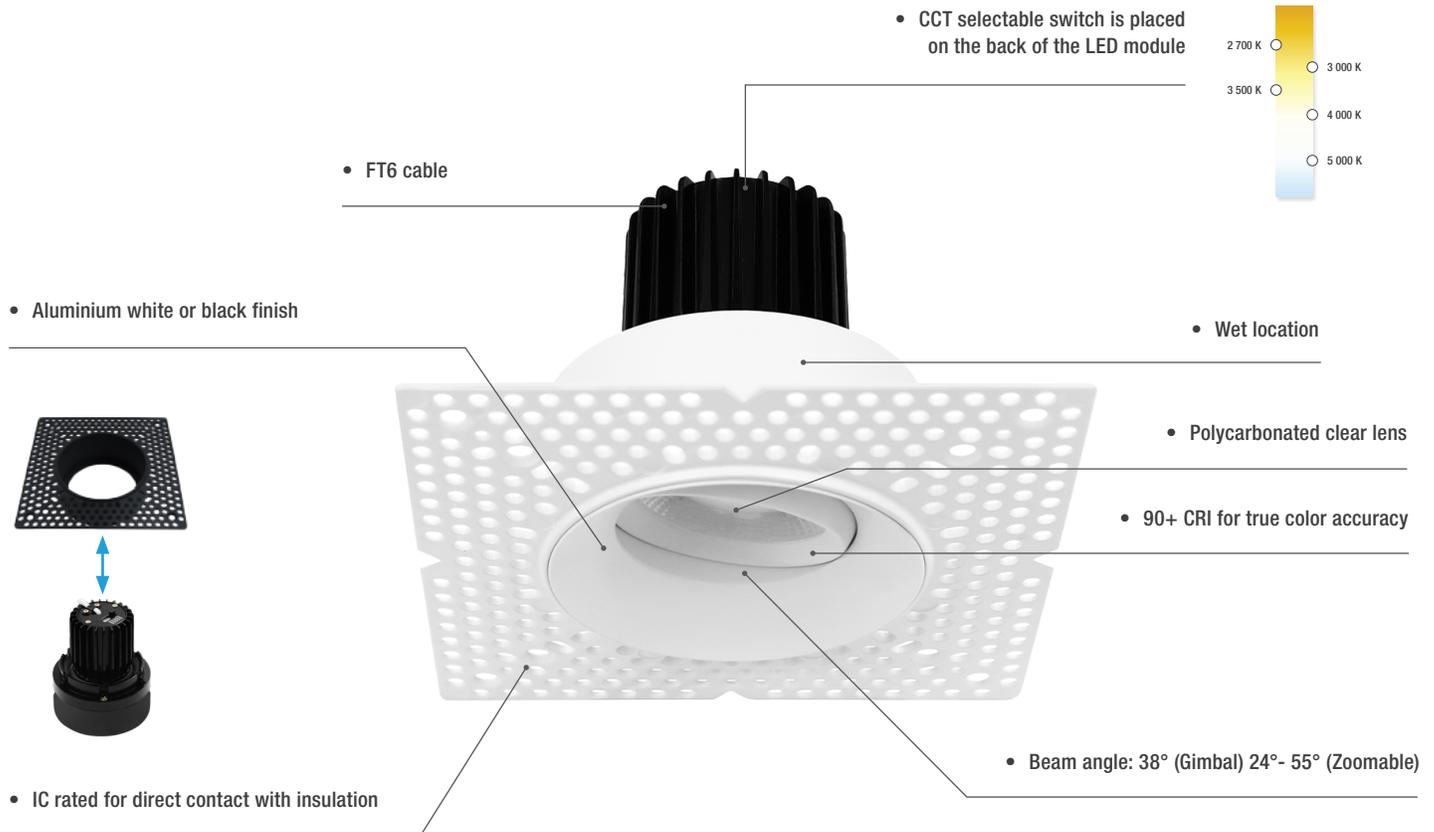

■ Selectable color temperature

Easily choose the right color temperature for your living space with the CCT switch on the LED module for easy access. Both models are Available in 2 700/3 000/ 3 500/4 000/5 000 K selectable color temperature.

■ Easy Installation

Easy installation with attached spring clips on the fixture, just push forward to snap into the trimless frame. To remove or change, just push the module to release the clips.

Seamless finish with an elegant look

Easy push-in and push-out installation
