

Series Spec Sheet

WSL

LED WALL PACK

**3 CCT AND 3 POWER SELECTABLE
INTEGRATED PHOTOCELL AND SLIM DESIGN**

The WSL includes all the options required for a wall-mounted luminaire. With its slimmer profile, this series is equipped with a photocell and benefits from the latest LED technology, allowing the user to control color temperature and wattage via integrated switches. Typical applications are security lighting over entrances, stairwells and pedestrian areas. This modern-style series is an excellent choice for any industrial or commercial application.

FEATURES AND SPECIFICATIONS

• Construction

Physical Characteristics

- Die-cast aluminum housing comes standard in a black and bronze powder coated finish
- Features an integrated photocell which can easily be disabled
- Easy access to color temperature and power select switch

Mounting

- The housing has four conduit entries of 1/2" on each sides
- Surface mount to a junction box or use with surface conduit

Lens

Prismatic tempered glass lens is standard in this product series.

• Performance Data

- Available in 3 CCT selectable (3 000/4 000/5 000 K).
The color temperature of the fixture is set by default at 4 000 K and can be changed on the field.
- 80+ CRI for true color accuracy
- Electrical ratings: 120-347 V
- Estimated life of over 50 000 hours to L70
- 0-10 V dimming standard
- 4Kv Surge Protection
- Operating temperature: -40 °C to 40 °C

• Compliances

- cULus listed for wet locations
- Meets requirements of ICES-005 issue 5 class B for use in residential applications
- IP65
- IK08

OVERVIEW

Light source	LED
Watts (W)	30/40/60 40/60/80
Lumen output (lm)	4 200 - 8 400 5 600 - 11 200

COMPATIBLE DIMMERS¹

Brand	Model
Lutron	NTSTV-DV, NFTV, DDTV-WH
Leviton	DS710, IP710
Legrand	H4FBL3PW

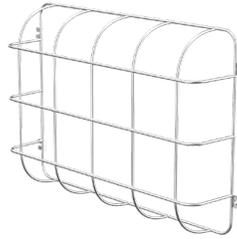

Dimming range: 0%-100%

¹ This table shows dimmers that have been tested and have demonstrated proper operation under normal conditions. Each installation being unique, various factors such as load, common neutrals or other electrical products on the circuit can, in certain instances, cause variance in system performance. Read and comply to the dimmer installation instructions. Consult dimming system manufacturer for additional support in operation. Some dimmers may require more than one product for stable operation. Stanpro recommends to use dimmers designed to work with LED products. Older dimmers designed for incandescent products may cause erratic operation.

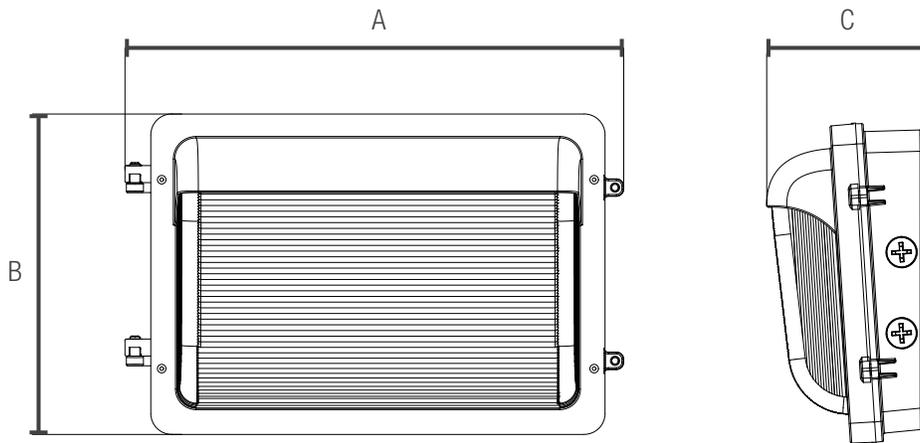

Data is based upon tests performed in a controlled environment. Actual performance can vary depending on operating conditions. All products are subject to change or may be discontinued any time without notice. Please contact your Stanpro customer service representative to confirm inventory levels at time of order.

ACCESSORY (order separately)
