

## LPDL™ ECO CHOICE LED Low Profile Downlight

LPDL™ ECO Choice is the budget-friendly solution for space-limited downlight applications. Being less than 1" thick, it can be installed in any type of residential application such as basement, hallways, living room, and more.

### ■ Polyvalent and Versatile

The LPDL downlight is specially designed for installation in shallow or constrained ceiling spaces. It is also compatible with a lot of accessories which makes it very polyvalent.

### ■ CCT selectable

Versatile solution available with integrated 5 color temperature (2 700/3 000/3 500/ 4 000/5 000 K) Easily select the desired color temperature using the switch located on the driver box.

### ■ 10 pack option

Convenient 10-pack of LED modules and drivers is available. This option is ideal for the contractor projects.
