

A19 LED LAMPS 5 CCT Selectable

The Standard A19 CCT selectable dimmable lamps offer an innovative lighting solution for both residential and commercial spaces. With a high CRI of 90, these lamps provide a comfortable, true-to-life lighting experience. These versatile bulbs combine performance and energy efficiency to meet all your lighting needs.

■ 5 CCT Selectable

Choose from 2 700K, 3 000K, 3 500K, 4 000K, or 5 000K to match your desired lighting mood. An ideal solution for reducing inventory.

■ Variety of applications

They are rated for enclosed fixtures, making them suitable for use in residential and commercial applications, including living rooms, kitchens, bedrooms, offices, hallways, retail spaces, and more.

■ CRI 90

With a 90 CRI, these bulbs deliver outstanding color accuracy, making colors appear vivid and true-to-life.

Timeless and convenient!
