

LED SWIVEL 120V Undercabinet Luminaire

Adjustable undercabinet lighting designed
to brighten work surfaces, reduce shadows,
and support everyday tasks with ease.

STANPRO

BRIGHTER SURFACES. BETTER TASK LIGHTING.

5 CCT

5 years warranty

Damp Locations

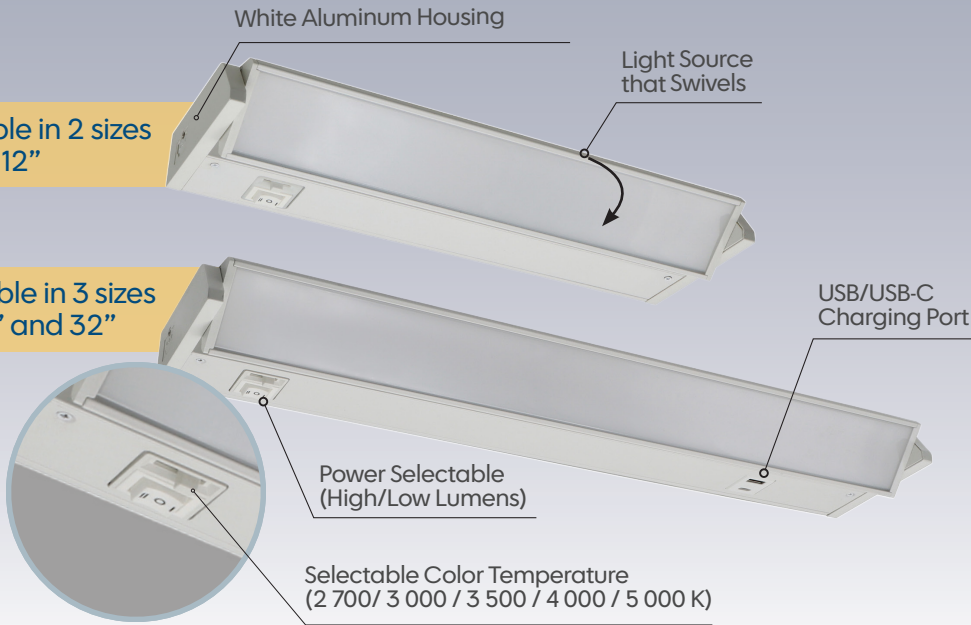

Power Selectable

Available in 2 sizes
9" and 12"

Available in 3 sizes
18", 24" and 32"

Designed for high-function areas such as countertops, sinks, and ranges, SWIVEL brings bright, even illumination to work surfaces where tasks happen.

Its linear design helps reduce dark spots and cabinet shadows while making key elements, such as countertops and backsplashes, stand out with a soft, uniform light distribution.

WHY SWIVEL STANDS OUT

- Swiveling Light Source**
Adjustable light head lets you aim illumination exactly where it's needed for optimal task or ambient lighting.
- CCT and Power Selectable**
With 5 selectable colour temperatures and 2 integrated power settings, SWIVEL makes it easier to meet the needs of the application with one flexible SKU.
- Integrated Convenience**
Built-in USB and USB-C ports on 18" and longer models provide easy access to charging where it matters most.
- Quick, Clean Installation**
Working directly with line voltage, SWIVEL allows connections to be made inside the luminaire, with no external driver required.

ACCESSORIES AVAILABLE TO SUPPORT INSTALLATION (SOLD SEPARATELY):

- 120 V power cord plug

- 6", 24", and 36" jumper cables

- Hardwire box
