**FUTUREPROOF YOUR LIGHTING!**

# OUR NEW SMART LINE

WELCOME TO THE GENIO SMART CONTROLS ECOSYSTEM WHERE INNOVATION MEETS SIMPLICITY.

Genio offers a complete ecosystem for both Indoor and Outdoor applications. Control luminaires individually or in groups using Bluetooth® Mesh technology through the user-friendly Genio app on your mobile device.

# FEATURES

## EASY TO USE

One of the key advantages of Bluetooth® Mesh is its ability to connect directly to your smartphone or tablet, simplifying the setup process and avoiding the hassle of additional hubs or bridges.

## SECURE SYSTEM

Genio incorporates industrial-grade security measures to protect your data and privacy. The configuration settings for each device are stored in encrypted QR codes, and each network device cannot be accessed without the corresponding QR code.

In a Genio project, there are two main privilege levels, each associated with a distinct QR code.

## THE SMART CHOICE

Genio is the smart choice for both new development projects and upgrades to existing buildings on both indoor and outdoor environments, converting them into energy-efficient smart buildings.

Transform any building into a smart, energy-efficient environment with the Genio Smart Controls Ecosystem. Perfect for offices, warehouses, factories, schools, auditoriums, healthcare facilities, stores, and more, Genio is future-ready and adapts seamlessly to the evolving needs of modern buildings, significantly reducing energy consumption costs. Choose Genio for a smarter, more efficient future.
